Especially that of the protectors of all beings in Tibet—the Vajra Master, Abbott, and Dharma King—

Therefore it is actually my duty to make offerings for the process of his 49 day parinirvana ceremony so I immediately composed this swift rebirth prayer.

Yesterday, upon returning to New Delhi from Japan, two representatives from the Nyingma Katog Zhechen Bero Monastery and the Nyingma Katog Adzom Odsal Do Ngag Chokhor Monastery came to see me and recounted to me the description of Getse Rinpoche's passing into nirvana. When they gave me this report, they also inquired about and asked for advice concerning his future incarnation, and requested that I compose a swift rebirth prayer. I candidly shared with them whatever was on my mind. In particular, I encouraged them to not succumb to hopelessness but to make plans for the future. At the moment that I heard he had departed this world for the pure realms I made strong prayers and once arriving back home I have continued to offer special prayers.

All disciples who have a connection with Getse Rinpoche should unceasingly recite the Praise to the Names of Manjushri and the Seven Line Prayer to Padmasambhava in order that his sublime reincarnation reenters this world.
